The Odyssey: **STRANGERS FROM THE FAR EAST**

We will once again be returning to the Realm of Ancient Warriors, so costumes such as simple tunics will be in order for all campers. But beware. Strangers dressed in black from head to toe have been spotted throughout our Lands. When they are approached by Spartan Patrols they just seem to disappear. A full Council meeting of all cities has been held. Since we do not know if these strangers are friend or foe, the Council has decided that Sparta will teach all Greek warriors to defend the homeland.

Want to know more? Then sign up for camp and help defend the Mystical Lands from these Strangers from the Far East.

Camp is a wonderful place for learning and fun. Daily activities include **boating, swimming, fishing, crafts, BB guns, archery, exploring the woods**, and much, much more. We will be working on Cub Scout advancements, including belt loops and pins.

The evenings are devoted to campfires, singing, and relaxing with new friends. Parents are invited to the closing campfire on Saturday, when campers will present skits and sing songs.

Boys and adults will be sleeping in tents, and meals will be served in the Dining Hall.

as always we promise you a ton of fun, advancement, and a great water balloon war!
